AN INVITATION FROM THE MDA:

Communication is one of the most important services MDA provides to our members. Advertisers make it possible for us to provide valuable resources and to effectively communicate information to our dental community. We sincerely hope you are able to continue your financial support of our association as we all work to move forward this coming year.

Advertisers can be confident in knowing that Mississippi dentists see, note, and are informed of those companies that financially support their profession (in addition to providing quality services and products). Our association promotes these companies to our dentist members and their office teams. We encourage dentists to support those companies who support the MDA. Advertisements that are provided in our MDA directory and electronic newsletter are featured in a high quality and professionally produced manner.

The MDA invites you to advertise with our association. The following information details our communication, distribution times, audience, advertising options and rates. Advertising is sold by annual contract. Companies can select to advertise in our annual resource guide/directory, quarterly electronic newsletter or both.

Please review the information provided and let us know if you have any additional questions. As an extended member of our MDA family, we hope you and your families are staying healthy. We look forward to working with you and promoting your company to our Mississippi dental community.
