Dr. Gordon J. Christensen is Founder and Chief Executive Officer of Practical Clinical Courses (PCC), Chief Executive Officer of Clinicians Report Foundation (CR), and a Practicing Prosthodontist in Provo, Utah. Gordon has presented thousands of hours of continuing education globally, made hundreds of educational videos used throughout the world, and published widely. Gordon and Dr. Rella Christensen are co-founders of the non-profit Clinicians Report Foundation. Since 1976, they have conducted research in all areas of dentistry and published the findings to the profession in the well-known CRA Newsletter now called Clinicians Report.

Gordon’s degrees include: DDS, University of Southern California; MSD, University of Washington; PhD, University of Denver; and two honorary doctorates. Early in his career, Gordon helped initiate the University of Kentucky and University of Colorado dental schools and taught at the University of Washington. Currently, he is an Adjunct Professor at the University of Utah, School of Dentistry.

Gordon is a Diplomate of the American Board of Prosthodontics, a Fellow and Diplomate in the International Congress of Oral Implantologists, a Fellow in the Academy of Osseointegration, American College of Dentists, International College of Dentists, American College of Prosthodontists, Academy of General Dentistry (Hon), Royal College of Surgeons of England, and an Associate Fellow in the American Academy of Implant Dentistry. Gordon serves on the Board of Directors for the non-profit organizations Dental Lifeline Network and the National Children’s Oral Health Foundation.

THE CHRISTENSEN BOTTOM LINE-2021
7.5 CEU

This fast moving “bottom line” course includes the areas of dentistry with the most activity and change in any given year. It is easily understood and has numerous summaries that help attendees to interpret the ongoing advancements in the profession. The course encourages audience participation, and questions and answers and is presented in an enjoyable and humorous manner. The hottest aspects in the following topics will be included in the planned program depending on the interests of the participants in your group, the popularity of topics at the time of your program, and the time available.

The following are potential topics, all of which may not be included in a specific course depending on time availability.

- State of the Profession
- Esthetic Dentistry
- Occlusion
- Practice Management
- Prosthodontics Removable
- Behavioral Objectives
- Diagnosis and Treatment Planning
- Implant Dentistry
- Operative Dentistry
- Prosthodontics Fixed
- Technology

On the completion of this course attendees should be able to:
- List the most important and useful new techniques discussed in this course.
- List the most important and useful materials discussed in this course.
- List the most important and useful new concepts discussed in this course.
- Implement those aspects of the course most applicable to your practice.
Dr. Douglas Damm

Dr. Douglas Damm is an Emeritus Professor of Oral and Maxillofacial Pathology of the University of Kentucky College of Dentistry in Lexington, KY. He received his undergraduate education at Louisiana State University in Baton Rouge. Subsequently, his education was continued at Louisiana State University School of Dentistry in New Orleans where he received his DDS in 1977. After graduation, he began his residency at Emory University School of Dentistry and received his Certificate in Oral Pathology in 1979. Douglas has been a Diplomate in the American Board of Oral & Maxillofacial Pathology since 1982 and is a Past-President of the American Academy of Oral & Maxillofacial Pathology and the American Board of Oral & Maxillofacial Pathology.

After completion of his formal education, he moved on to the University of Kentucky. Since his arrival in the Blue Grass, Douglas has participated in over 575 continuing education courses and speaking engagements. He has authored over 200 publications in dental journals and is co-author of three popular textbooks, Oral & Maxillofacial Pathology, Color Atlas of Clinical Oral Pathology, and Color Atlas of Oral and Maxillofacial Diseases. His photographic expertise is illustrated well in these textbooks and his presentations. Douglas' teaching style is entertaining and oriented to the practical aspects of dentistry. While at UK, he received the Best Instructor award from the graduating class on 15 occasions. He also was recipient of the 2002 Great Teacher Award presented by the UK Alumni Association of the main campus of the University of Kentucky.

Douglas retired from the University of Kentucky in July 2018 and entered private practice. Currently, he has an active practice in histopathologic oral and maxillofacial pathology at Pathology and Cytology Laboratories in Lexington, KY.

HOT TOPICS IN ORAL & MAXILLOFACIAL PATHOLOGY
8 CEU

This course will concentrate on medication-related osteonecrosis and the implications for the oral health care practitioner. Currently, the position papers of the ADA and AAOMS disagree on the use of drug holidays, creating significant confusion and potential legal liability for the dental practitioner. Included in the discussion will be a description of the various medications associated with osteonecrosis, the indications for utilization of these medications, the typical patterns of administration, and the potential adverse effects on the gnathic regions. The standard of care of patients utilizing these medications will be described for the discipline of dentistry. This discussion will include a pattern of practice that agrees with both position papers along with the rationale for its use.

Upon completion of this initial presentation, a description of a systematic oral soft tissue examination will follow along with an explanation of the patterns of HPV-related oropharyngeal carcinoma. The discussions are presented in a format that insures easy utilization of the information; and all of those in attendance are encouraged to participate and ask questions related to their previous experiences with these pathologic conditions.

At the conclusion of this presentation, each participant should be able to succeed at the following tasks:

- Recognize the currently utilized anti-resorptive and anti-angiogenic medications along with the medical necessity for use of these agents
- Understand the potential gnathic complications associated with these medications
- Understand how to minimize the frequency of medication-related osteonecrosis in dental patients
- Appropriately manage patients presenting with complications of osteonecrosis
- Understand the current position papers of the ADA and AAOMS along with a pattern of practice to minimize medical-legal complications
- Develop knowledge to more appropriately evaluate the medical care of your family who utilize these medications
- Understand the common presentations of HPV-related oropharyngeal carcinoma
Richard Small

Richard teaches risk management courses at several dental schools, writes articles on avoiding litigation in a variety of periodicals and lectures frequently on many aspects of dental malpractice litigation around the country. He comes from a family of dentists. Richard has nothing to disclose.

PRIORITIZING PATIENT SAFETY: REDUCING RISK THROUGH CLOSED CLAIM ANALYSIS
3 CEU

In this course, closed dental malpractice claims will be analyzed to identify how and when dentists and their staff can implement risk management and ethical principles to enhance patient safety and reduce untoward outcomes. Topics include extractions and implants, failure to diagnose, nerve injury, and patient selection and management considerations. There are no prerequisites.

Objectives
- Apply clinical risk management strategies to improve patient safety, mitigate associated risk factors, and reduce untoward outcomes and malpractice claims
- Implement strategies to help prevent failure to diagnose allegations
- Recognize the potential effect technology and applied risk management can have on mitigating and managing nerve injury
Outstanding Accolades Breakfast
8:00 am - 10:00 am
2 CEU

NEW for 2021 this event will be a time of “Claim to Fame” special recognitions and award presentations! Current MDA President Dr. William Alford will spotlight highlights from the 2020-21 year.

Blockbuster 146th General Assembly of the Mississippi Dental Association
10:00 am - 12:00 pm
2 CEU

Get ready to roll out the red carpet for the premiere of our reformatted general assembly! VIP Dr. William "Brad" Jenkins will address members upon his installation as the 146th president of the Mississippi Dental Association. Superstar ADA President Dr. Daniel J. Klemmedson will provide an ADA update. Emcee MDA Speaker Dr. Fanasy Jefcoat will facilitate the 2021-2022 MDA Officer Elections for Second Vice President, ADA Delegate, Secretary/Treasurer and Editor positions.

Critically Acclaimed Events

Friday, June 11 and Saturday, June 12
Center Stage Exhibitors for 2021
Exhibitors will be on hand providing new releases for the products and services they offer. This is your time to take center stage with our exhibit sponsors. Thank them for supporting Mississippi dentists all the time!

Friday, June 11
A-listers Past Presidents Breakfast
7:00 am - 8:00 am (by invitation only) Fee TBA
This will be a special time to pay homage as Dr. William Alford and Dr. Barbara Mauldin are inducted into the Past Presidents’ Fellowship Club. Club members will receive registration information from the MDA office prior to the meeting and your exalted presence is requested. Those that are unable to attend are asked to send an update to the Club Secretary Dr. Roddy Scarbrough prior to the Annual Session. MDA past presidents do not want to miss this distinctive opportunity to renew friendships and honor Dr. Alford and Dr. Mauldin for their service.

Friday, June 11
Prestigious Annual Banquet for Pierre Fauchard Academy, American College of Dentists and International College of Dentists
6:30 pm - 8:00 pm Fee applies
Members of the renowned Pierre Fauchard Academy, American College of Dentists and International College of Dentists are invited to attend. Information will be mailed in April to all members.
Contacts: Dr. Peter Bowell - 601-366-1242 | Dr. Melinda Lucas - 601-264-0537
Oscar-worthy Accommodations at Sandestin Golf and Beach Resort

Booking code #24754Y

The MDA has reserved a block of room accommodations with the Sandestin Golf and Beach Resort for the host hotel, The Effie, as well as the Grand Complex, and Westwinds. The Grand Complex consists of accommodations in the Grand Sandestin, Lasata, Bahia and Elation.

The cutoff date for the MDA group rate is May 10, 2021. Our group rate will no longer be available after the cutoff date and prevailing hotel rates will apply to reservations booked after that date. Bookings for Beachfront accommodations at Westwinds require a four-night minimum stay.

After check-in, early departure fees may be assessed for any adjustments made to your scheduled departure reservation date.

Rates for accommodations booked under MDA group code:

We encourage you to make your reservations early. All rates are subject to state and local taxes of 11% and a daily resort fee, which is currently 12%.

Daily resort fee covers items including but not limited to: complimentary resort transportation; two bicycles per unit for up to four hours of usage daily; fitness center usage; one hour per day of tennis court time; one hour per day usage of either a canoe, kayak or boogie board; self-parking; Wi-Fi in the Baytowne and Linkside Conference Centers; and reservation processing services.

Check-in time is 4:00 pm.
Check-out time is 10:00 am.

Sandestin Golf and Beach Resort accommodations may be booked by calling 800-320-8115 or online at http://www.sandestin.com/24754y.

Final Take / Ticket to Fame Information

Register by April 30th and save $50.00
Pre-registration with the MDA is encouraged to secure lower registration fees and to eliminate waiting at on-site registration. It is important to note that Sandestin Golf and Beach Resort will not honor MDA group rates when booking room reservations if you have not pre-registered for the 2021 Mississippi's Dental Meeting. Note that online pre-registration closes on May 30th.

Registration admission packets will be mailed to pre-registered attendees approximately two weeks in advance. Name badges will be included in registration packets and will be required for admittance to all events. CE programs begin at 8:00 am on Thursday, June 10th. CE record forms will be included in your on-site program book.

MDA Policy
The MDA reserves the right to cancel or make adjustments to all planned events as deemed necessary by the Mississippi's Dental Meeting Committee due to enrollment, weather or other unforeseen conflicts. Continuing Education courses offered are provided at no additional cost to registered Mississippi's Dental Meeting participants. Courses provided are approved for continuing education credit through the Mississippi Dental Association. The number of hours approved per course is noted. You must attend the entire program to receive the validated CE credit. An attendance verification form is provided in the on-site Mississippi's Dental Meeting booklet. CE verification forms cannot be duplicated and it will be the attendee's responsibility to maintain the original CE record form.

Cancellation: Please advise the MDA office by written notice (fax or email) if you need to cancel your registration. A refund less a $50.00 administration fee will be made for cancellations received prior to May 1, 2021. No refund will be issued for no-shows or cancellations made after April 30, 2021.

Register at www.msdental.org.
